The Smart City Mayors' Summit has always been a spotlight of the annual Smart City Summit and Expo (SCSE), as well as being the largest networking platform for smart cities. Every year, hundreds of leaders and representatives from municipalities across the world meet at the summit to share and exchange insights on urban policies and trending topics.

本屆(2022)首長高峰會首度與智慧城市女性領袖峰會連袂登場，皆將以虛實整合形式舉辦，探討疫情下的數位轉型及改變城市的女性治理，邀請來自世界各國包括美國、法國、比利時、捷克、波蘭、紐西蘭、貝里斯等共超過12國、20個城市代表演講及討論，希冀透過城市間的深度交流，共同探索創新突破的市政策略，進一步促進跨國鏈結與合作。預計將有150位以上全球城市首長及代表參與，現場將同步直播放送，歡迎各界先進線上收看！

For the 2022 Smart City Mayors' Summit, this will be the first time the event will take place alongside the Leading Women Summit in the hybrid format merging online and offline aspects to discuss topics such as "Digital Transformation in the Pandemic Era" and "Women Power that Changes Cities." The two serial summits engage over 20 city representatives from over 12 countries including the US, France, Belgium, Belize, the Czech Republic, New Zealand, Poland, and more in the forms of seminars and leadership discussions. Through the interaction, the organizers hope to drive cross-border collaborations and formulate innovative, groundbreaking strategies in governance. Over 150 city leaders and delegates have signed up for the events, which will be livestreamed online. We welcome all those who are interested in the topics to attend online!
